BLOOD RENOVATOR

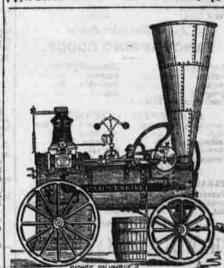

Is precisely what its name indicates, for, while pleasant to the tasts, it is revivifyl ng, exhilarating, invigorating and strengthening to the wital powers, and at the same time revivifies, rein states, and renews the Blood in all its purity, and thus at once restores and renders the system in this at once restores and renders the system in evaluarable to attacks of disease. It is the only preparation ever offered to the world, so cheasivally and skillfully combined as to be the most powerful tonic, and at the same time so perfectly adapted to, as to act in perfect accordance with the laws of nature, and hence will acords the seakest stomack, and tone up the digestive organs, and thus alsay all nervous and other irritation. It is perfectly exhilarating, and at the same time it is composed entirely of vegetables, yet so combined as to produce the most thorough tonic effect, without producing any injurious consequences. Such a remedy has long been felt to be a desideratum in the medical world, for it needs no medical skill to see that debility follows all attacks of disease, and proceeds and indeed lays the system open to the insidious attacks of many of the most fatal, such, for example, as the following: Consumption, Indigestion, Daysepsia, Loss of Appetite, Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, Melancholy, Night Sweats, Langung, Giddiness, Retention of, as well as Paintin obstructed, too profuse, or too scant Menstrustien, and Falling of the Womb. These all depend upon general

mess, Retention of, as well as Pain'nt obstructed to profuse, or too scant Menstructen, and Falling of the Womb. These all depend upon general debility. This pure, healthy, tonic Cordial and Blood Renovator is as sore to cure as the aun to rise and set. There is no mistake about it. But this is not all. If the system is weakened, we are upon to billious attacks, the liver becomes torpid, or worse diseased, the kidneys refuse to perform their functions, and we are troubled with scaling and incontinence of urins, or involuntary discharge of the same, pain in the back, side and between the shoulders, exceedingly liable to either tween the shoulders, exceedingly liable to slight

charge of the same, pain in the back, side and between the shoulders, exceedingly liable to elight colds, coughs, and if unchecked, soon einsciation colds, coughs, and if unchecked, soon einsciation colds, coughs, and the patient goes flow to a premainre grave. But spare will not allow us to enumerate the many fills to which we are liable in a weakened condition of the system. But we will say, in this Cordial and Blood Renovator you have a perfect, safe, pleasant and effectual remedy for loss of Appetite, hilliouaness, Flatulence, weak and sick stomach, Languor, Liver Complaint. Chills and Yever, or any Bilious attack, Costiveness, Acidity of the Stomach, Nervousness, Neuralgia, Palpitation of the Heart, re soin of Spirits, Sores, Pimples on the Face, or any disease arising from ampure blood, such as Scrofula, Erysipelas, Brom hitis, Cough, difficulty of Breathing, and all that colass of diseases called female weakness, and enumerated above. We will also say the traveler exposed to epidemics, change of climate and water, will find it a pleasant, safe and sure remedy, and none should ever travel without. Reader, try it, for we assure you you will find in it a ricend indeed, as well as a friend in need. All persons of sadentary habits will find it a perfect preventive of as well as cure for those aliments to which they are particularly exposed. Hence ministers, students, at torneys, literary gentlemen, and ladies who are not accustomed to much outdoor exercise, will find it to their advantage to keep a bottle constantly on hand; and, above all, mothers, or these becoming such; will go through that meet dangerous period oct only with all their accustomed strength, but safe and free from the thousand alments so prevalent among the female portion of the world. It short, it is indeed a mother's cordial. Try it, old and young; no longer run the risk of delay it will relieve and prove itself emphatically a Resforation Cordial and Blood Renovator.
